

## Now Hiring a Millwork Estimator!

**Mill-Right Woodworking Inc.**, one of the most progressive Millwork Shops in the Atlantic Provinces, is growing and has an immediate opening for an **Estimator** to join our office team.

The successful candidate will work with the team to organize Estimating workload and analyze blueprints, specifications, proposals and other documentation to prepare time, cost and labour/materials estimates for various millwork projects. The **Estimator** may also be responsible to develop and establish unit rate and historical cost data. Regular consultation with subtrades, suppliers and other individuals to promote and develop relationships, to discuss and formulate estimates and to resolve issues is essential.

The **Estimator** must be an effective communicator with experience in a commercial millwork/cabinet construction environment. Above average organizational abilities and the capacity to work under pressure are required to facilitate preparation of multiple estimates simultaneously. The **Estimator** needs excellent negotiation and evaluation skills. It will be considered an asset if the candidate is proficient with Microsoft Outlook and Excel applications. The successful candidate will be trained to use Mill-Right Estimating templates and programs.

The ideal candidate will possess at least 2 years in the millwork/cabinetry industry in an estimating role. The ability to invest the hours required to bid projects is a must. Interested candidates should possess the ability to multi-task and work under tight deadlines, while ensuring that the flow of information is maintained in accordance with our established Tender and Project Delivery systems.

If you are interested in joining our dynamic team, please forward your resume, quoting reference **201808MRWEST-WS** to:
